

Trade Controls Branch
Monthly Report for
December 1958

A. Accomplishments

25X1A9a 1. Intelligence support was furnished to the EDAC/ACEP committee structure in connection with 8 Polish exceptions cases and 20 other exceptions and export control cases. ([REDACTED])

2. The Deputy Chief, S/TD, together with the appropriate specialists in ERA, attended 3 meetings of the ACEP Ad Hoc Subgroup on Technical Data. Preliminary determinations were made as to items and/or plants or processes in the chemical and chemical equipment category, machine tool category and electronics category that are possibly susceptible to US unilateral technical data control.

25X1A9a 3. A memo (Control No. 6174) was distributed to the Diversion Control Panel on "Reported Order of Communications Equipment from France by the Soviet Bloc." [REDACTED]

25X1A9a 4. Three comprehensive Periodic Requirements List were prepared for OCI on (a) USSR and the Soviet Bloc, (b) Western and Northern Europe, and (c) Latin America. [REDACTED]

25X1A9a 5. In response to a Department of Commerce request, a memorandum was prepared for Chief, OCR/I&S, summarizing information available regarding a Liechtenstein firm which was involved in a shipment to China of US origin spare automobile parts; intelligence support was provided as necessary to EDAC WG II on 24 Administrative Action cases; [REDACTED]; 14 requests for name intelligence were serviced for Departments of Commerce, State, ICA, and for DD/P; a total of 2143 documents were received and scanned of which 125 were selected for multiple carding; and 4 evaluations were made of CS reports.
